MONTANA

OFFICE OF STATE EXAMINER

HELENA

Helena, December 30, 1918.

Honorable S. V. Stewart,
Governor of Montana.

Sir:

Complying with the provisions of Section 209, Article II, of the Revised Codes of 1907, and Section 65, Chapter 89, of the 1915 Session Laws, I have the honor to submit the twenty-fourth Annual Report of the State Examiner and the fourth Annual Report of the Superintendent of Banks, for the fiscal year ending November 30th, 1918.

This Report embraces a statement of the receipts and expenditures of this office, a detailed statement of the receipts, disbursements and balances of the various Counties, a financial statement of the Building and Loan Associations operating in this State, and a statement of each State and Private Bank, as disclosed at the call of November 1st, 1918.

STATE EXAMINER'S FUND.

Balance on hand November 30th, 1917.....	\$7,140.33	
Refund on Mileage Books	152.31	
Appropriation for 1918	12,000.00	\$19,292.64

DISBURSEMENTS.

Traveling and Miscellaneous Expenses.....	\$5,494.33	
Balance on Hand November 30, 1918.....	13,798.31	\$19,292.64

BANKING FUND.

Balance on Hand November 30, 1917.....	\$20,787.69	
Collections from Bank Fees.....	1,226.54	\$22,014.23

DISBURSEMENTS.

Traveling and Miscellaneous Expense.....	\$12,791.33	
Balance on Hand November 30, 1918.....	9,222.90	\$22,014.23

I beg leave to call your attention to the small amount placed to the credit of the banking fund, from the receipt of fees collected from the banks, due and payable on or before the first day of November each year, and to compare this amount with the amount collected during the year 1917:

Amount, as shown above.....	\$ 1,226.54
Amount, as shown November 30, 1917.....	20,214.36

This discrepancy, apparently, is occasioned by the peculiar stand taken by the State Treasurer, wherein he claims the law does not require him to notify the banks that their fees were due, and further, refused to so

notify them unless I furnished the necessary postage, amounting to \$8.16, which I declined to do, feeling that this Department was in no manner liable for the expenses of the Treasurer's office. So far but 14 out of the 269 banks have paid their fees. For the same reason but 4 out of the 97 cities and towns have paid, and there are still 17 counties out of the 43 that have not paid the annual fee.

All of the counties have been examined during the year, except four, Gallatin, Park, Yellowstone and Big Horn.

Again I would respectfully suggest that a law be passed requiring the publication of the Examiner's report made after the examination of each county.

Two Building and Loan Associations have been organized during the year: the Valley Building and Loan Association, of Glasgow, and the Mutual Building and Loan Association, of Livingston.

The following recommendations are made concerning these organizations:

1. All fines and premiums allowed by Section 4193, should cease, as they only increase the rate of interest.

2. Fees should be limited, and all fees, and at least one installment of dues should be collected before any stock is issued.

3. One association charges \$2.00 initiation fee, deducting it when the stock is withdrawn, so far as the depositor's book shows, while it is taken out on the association's books when first installment is paid. Their notes carry 6% interest and 1% premium; most loans are made for 5 years, interest and premium are added to principal, and the whole divided into 60 equal payments, making interest and premium 14% per annum. They take all initiation fees and 2% of the average assets per annum for the expenses of the association, and there is no limit to the expense, except that it must come from earnings. Expenses should be limited.

Another association, and having the best set of books in the State, charges 25c per share for initiation and loans its members at 10% interest and collects no fines.

4. Two dollar fees; 14% interest and unlimited expense rather destroys the mutuality of a building and loan association.

5. If interest rate could be limited to 8% and fees to \$1.00 it would eliminate the exploiter.

6. Section 4198, which requires, "furnishing a list of stockholders with value," is not complied with, and if it was, would put all associations out of business. It should be repealed.

There are in the State subject to examination:

- 6 Cities of the first class.
- 6 Cities of the second class.
- 26 Cities of the third class.
- 14 Towns with a population exceeding 700.
- 45 Towns with a population less than 700.

The only changes during the year, are, two towns with a population exceeding 700 have been advanced to cities of the third class, viz.: Cut Bank and Hardin, and an addition of one to the towns with a population of less than 700, viz.: Lima.

I have the following suggestions to make in regard to conducting the business of the cities and towns:

1. Charters of all municipalities should be on file with the Secretary of State and duplicates with the State Examiner.

2. In all towns I would abolish the office of Treasurer, for the reason that many successful candidates have not the slightest idea of accounting.

3. Would abolish the office of Police Judge in the towns, the salary allowed, \$50.00 per annum, hardly warrants one in qualifying for the office. In a few instances, at least, the Judge is also Justice of the Peace, and he has been accused of drawing complaint under a statute, rather than under an ordinance, that he may get the fee allowed by the State. It should be the duty of the Justice to administer the ordinances in the same manner as he does the statutes, and for the same fee.

4. Would abolish re-writing Treasurer's books by Clerk as being superfluous. Would recommend the Council or Commission appoint an Accountant, who would in the larger cities be supplied with help of his own selection, necessary to do the work.

In the smaller cities and towns one man could do all the accounting, act as marshal, street commissioner, water commissioner, or do any other necessary work, and devote all his time to the municipality, at a salary that would insure efficiency, and should be selected on account of his ability to do the work. His appointment should read:

DURING THE PLEASURE OF THE COUNCIL OR COMMISSIONERS, OR UNTIL REMOVED BY THE STATE EXAMINER.

All books, records, and reports should be approved as to form by the State Examiner, before being installed.

5. Would have the State assume all liability of official bonds, collecting monthly, as the premium, a per cent of the total funds received, but if this cannot prevail, would abolish all personal bonds, as impractical, and establish a uniform bond to be used by the different bonding companies. After three years' experience, am unable to say: All bonds of municipal officials read to the State of Montana, as they should. Under the present law all bonds should read for the term for which the official was elected or appointed, but they read different ways, too numerous to mention in this report.

If the State were to write the bonds it would do away with any changes in the official, or, the bonding companies might also be asked to insure the office no matter who the official. No official should be allowed to quit office until his successor had filed his bond, and while these bonds should read for the term ending the first Monday in May, they should also add: until his successor has qualified. These bonds should cover the expense of doing work the official has failed to perform, and any damages resulting by the non-performance of duty.

6. The State Examiner should be clothed with authority, in case an official fails to perform his duties, to remove him from office. In case of defalcation or other misdemeanors he should be the one to make legal complaint before some court of proper jurisdiction. Under the present statutes, the Examiner reports to the mayor and council and there the matter drops. Our examination should be enlarged to a thorough audit. Owing to the fact that some municipalities have much more work than others, I would suggest that rather than use the present fee system, a per diem rate should prevail, at say, a minimum of \$25.00 per day. Books not completely written up should be completed by the Examiner at the expense of the officer neglecting his duty. There are 45 towns this year whose examination fee is \$10.00. One day is necessary for all towns, some of them require three days, and your examiner costs about \$15.00 for each working day, and nothing left for the overhead charges of the office.

7. There should be some penalty attached for all infringements of the law. Some cities of the State pay their aldermen \$6.00 monthly regardless of whether a meeting is held or not. One city pays its aldermen \$12.00 monthly.

I have given considerable space to this subject, for the reason, that, under the present system the examination of cities and towns is a farce

and a waste of money, and the law should either be properly amended or repealed.

Six regular calls for statements of State and private banks were made during the year, as follows: December 31st, March 4th, May 10th, June 29th, August 31st, and November 1st.

Comparing the total resources as shown on call of November 20, 1917, with the call of November 1st, 1918:

The former shows \$117,453,990.40, the latter \$115,849,170.52, a decrease of only \$1,604,819.88, which, considering what the State has gone through during the year, is a very creditable showing, and it is my opinion that if we could have had the necessary 20 days to complete the year we would have shown an increase instead of a decrease. The lowest point the resources reached during the year was on the call of May 10—\$106,959,566.69.

We began the fiscal year with 262 State and 13 private banks. During the year 7 charters were granted, 5 State banks nationalized, and 4 private banks converted to State banks, making a total of 269 State banks and 9 private banks reporting on November 1st, 1918.

Seven banks joined the Federal Reserve System during the year, making a total of 16 member banks.

While the law requires that two examinations be made of all banks during the year, I regret to state that we were unable to accomplish the work, as 125 banks were examined but once; for the reason that my whole force has been completely disorganized during the past year, making me short of help for nearly six months. Again, on account of the prevailing epidemic of influenza my force was depleted for a period of several weeks, and owing to the danger of travel on account of the influenza the deputies, not afflicted, were detailed on necessary office work that had gone behind during the months the force was disorganized.

So far in my administration of this Department I have been fortunate in getting very capable young men to act as deputies, but I am unable to retain their services, for the reason that after a year's experience in the Department they are offered better positions at a better salary than I can pay; and the only remedy I can see for this condition is to raise the salary of the deputies to a figure that will be sufficiently attractive to capable men to induce them to remain with the Department.

Respectfully submitted,

H. S. MAGRAW,

State Examiner and ex-officio

Superintendent of Banks.
